

# Ex Industries

your one source for hazardous locations products and services

Ex Industries has been providing explosionproof products and application assistance for Hazardous Locations since 1996. We offer products certified for World Wide use. Yes, that means ATEX, IECEx, UL and CSA.

Hazardous area cable glands?	✓
Flameproof & Explosionproof Adaptors & Reducers?	✓
Hazardous Location ATEX & IEC cables?	✓
Hazardous Location cable for North America?	✓
Purge Systems for ATEX? NFPA Type X, Y, Z Purge Systems?	✓
Flameproof enclosures?	✓
Explosionproof enclosures?	✓
Increased Safety terminal housings?	✓
Increased Safety control products?	✓
Flameproof & Explosionproof motor control?	✓
Application assistance?	✓

Yes, we can assist you with your application. Help you choose the correct cable and gland, assist you in choosing the right enclosure for the right application. Should you use stainless steel? Brass? Nickel plated brass for that adaptor or stopping plug? We have the answers. Should you purge? Or use an explosion proof enclosure? Do I need armored cable or non-armored? What standards do I have to comply with? We can help you make your decisions.

**Pepperl+Fuchs  
Engineered  
Solutions**  
[www.pepperl-fuchs.com](http://www.pepperl-fuchs.com)

Off-the-shelf products do not always meet the exact requirements for every application. VisuNet engineered HMI solutions are a simple way to get the exact HMI you need. Whether the requirement is for a remote monitor or an intrinsically safe panel PC, Pepperl+Fuchs can engineer a solution that fits your application and budget.

**Hawke Ex Connectors**  
**ATEX Certified**

**Adalet Stainless  
Steel Enclosures  
& Instrument  
Housings**

[www.adalet.com](http://www.adalet.com)

**Easy Route To ATEX Compliant  
Solutions**

We can fully populate empty ATEX certified Exd enclosures to our customers design under the umbrella of an ATEX control panel certificate complying with all applicable CE directives. This eliminates the requirement for the custom assembly to be re-submitted to an EC Approved Test Laboratory for approval saving considerable time & money. [Click here to learn more.](#)
